**Accellis Now an Elite Provider
For the Cleveland Metropolitan Bar Association**

Garfield Heights, OH (June 23, 2008) – Accellis Technology Group is now an ‘Elite Provider’ for the Cleveland Metropolitan Bar Association.

Through an extensive interview and reference checking process, Accellis have been identified as one of the leading legal technology solutions providers in Northeast Ohio. “We are very excited at the opportunity to work closely with the CMBA to create a provider program that meets the unique business, technology and financial needs of law firms in Northeast Ohio” says Joseph Marquette, President of Accellis.

Those who will benefit most from this relationship are members of the CMBA. Accellis is prepared to offer members a variety of quality services that are unique for CMBA members and their firms. Just a few of the member benefits Accellis is able to offer CMBA members include customized software training and implementation services, legal technology CLE courses, CMBA pricing for the Managed Network Services program, and reduced credit card processing rates through Accellis Financial Group.

In March of 2008, the Cleveland Bar Association and the Cuyahoga County Bar Association joined forces to create the Cleveland Metropolitan Bar Association. Accellis has worked with both bar associations in the past to provide legal professionals with informative seminars, CLE courses, and reduced rates. Now, as an Elite Provider, Accellis can provide these great benefits to a much larger audience.

Accellis is a full-service, IT consulting, managed network services and software solutions firm serving law firms in northeast Ohio and across the country.
