Dear Joe:

I want to extend our appreciation to your employees, especially Larry Horvat, for all the improvements they've made to our computer network. They've done a wonderful job of keeping us updated on what we should expect and how much progress has been made.

We knew that by using your services that we would be improving the way we do business, but we did not know that the transition would be so effortless. We've been able to do more than ever because of the practical solutions your staff has successfully implemented.

If you should ever need a reference from our firm, please feel free to contact us. Your employees are very professional, capable, and a pleasure to work with. We would be happy to recommend your services.

Best regards,

  
Sue Barnes  
Director of Client Relations
