Dear Mr. Marquette,

I am writing to let you know that I and my staff greatly value Maria Morales' work with us and our Time Matters program. Recently Maria Morales adapted Time Matters to better serve our needs by programming it to collect data for a monthly report. She is a skillful listener and knows what questions to ask to solve problems. Maria is very competent and we always appreciate her professionalism and talent.

Furthermore, I find all Accellis' staff members to be very helpful and responsive to our needs. Thank you for providing us with such good service.

Sincerely,

Judge James L. Kimbler
